GUIDELINES AND RULES:

1. The Cox Science Center and Aquarium has the right to deny any vendor a booth space whose exhibit, product or service does not align with the mission of the Cox Science Center and Aquarium.
2. No lobbying, campaigning or electioneering is allowed within the Science Center grounds during the HTHAD event.
3. We are a peanut free facility and the distribution of latex balloons, single use plastic straws or stirrers, and Styrofoam are prohibited.
4. Signage, displays and/or decorations may not be heavily taped, nailed, tacked, stapled, drilled or otherwise fastened to any wall, ceiling, column, stone, window, drape, or painted surface in any area inside on the premise without advance permission to do so. Separate, stand-alone signage and or displays are highly recommended. Vendor is solely responsible and liable to Science Center for assisting with repair to property if defacement to floors or walls occurs while exhibiting
5. Compliance with Americans with Disabilities Act (ADA) is a legal requirement for public facilities. This law became effective in January 1992. It requires access for disabled persons. A Guide to the Disability Rights Laws can be found at <http://www.usdoj.gov/crt/ada/cguide.pdf>. Sufficient space must be provided within the booth for the comfort and safety of persons observing exhibits, demonstrations, displays, or workshops.
6. All vendors must notify Nicole Afanador by June 3rd if they are not able to attend the Hometown Heroes Appreciation Day event. Cancellations are difficult and we are sure that no one intentionally plans to cancel after entering into an agreement for any of our events. However, on our end, the closer we get to the event date, the more time and planning we have invested, and the more difficult it becomes for us to fill your booth space with quality artists, STEAM lovers, or food vendors.

I have read, understand, and agree to follow the Guidelines & Rules for the 2024 Cox Science Center and Aquarium's Hometown Heroes Appreciation Day event as described within the Vendor Packet.
