

## Kids' Dreams Scholarship Application

We are offering **Summer Camp Scholarships** for Title 1 students in Palm Beach County through Kids' Dreams.

Join us for our upcoming Science Summer Camps for young scientists ages 7-12! Campers will experience mind-blowing experiments as they learn about space, the ocean, dinosaurs, and more!

**Students must attend all 5 days of camp during the week they are chosen for.** For a chance to attend a week of camp free of cost, please fill out the following application and submit to Adam Newton at [programs@sfsciencecenter.org](mailto:programs@sfsciencecenter.org) by May 21, 2021. Applicants will be notified of their scholarship status by May 28, 2021.

**Name of Child** \_\_\_\_\_

**School (must be Title 1)** \_\_\_\_\_

**Date of Birth** \_\_\_\_\_

**Name of Parent/Guardian** \_\_\_\_\_

**Mailing Address** \_\_\_\_\_

**Telephone Number** \_\_\_\_\_

**Parent/Guardian E-mail** \_\_\_\_\_

### Science Summer Camp Weeks/Themes

**You may select 4 weeks that you are interested in attending. If selected, it will be for only 1 of those weeks.**

- June 21st - 25th: *Back with a BANG!*** - We are back and better than ever! Join us for the very first week of summer camp as we explore common chemistry with an explosive twist.
- June 28th - July 2nd: *Prehistoric Playground*** - Dig in as we become paleontologists to explore the amazing world of dinosaurs and other prehistoric creatures with our new exhibit *Dinosaur Revolution*. From digging up fossils to learning about their diet, we'll study dinosaurs in a way that hasn't been seen in 66 million years!
- July 5th - 9th: *Survival of the Fitness*** - Study the different body systems, learn about how muscles grow and rebuild, and prepare yourself for our exciting Fitness Olympics to finish the week!
- July 12th - 16th: *Red Rover Red Rover*** - Mars is the only planet completely inhabited by robots, but what about our other solar neighbors? This week's camp will help us navigate the stars as we learn just how much we don't know about space.
- July 19th - 23rd: *Brains, Bowels and Boogers*** - Learn about the icky sticky and gross stuff when it comes to anatomy. From dissecting a frog to learning about why we have boogers, come gross out the science cool way.
- July 26th - 30th: *Wonders of the Sea*** - The Science Center might be inland, but the ocean isn't far away. Learn about our aquatic neighbor and all its treasures, including sharks and whales, during this week of oceanic fun.
- August 2nd - 6th: *Festival of Science*** - End your summer with a bang as we explore some of the best experiments, labs, and adventures from this season!

**Submitting this application does not guarantee you a free week of camp. Please wait to hear back from our Group Sales Manager by May 28, 2021.**
